

A. G. Wright Middle School – Home of the Tigers

Mission Statement

It is the mission of the faculty and staff of Andrew G. Wright Middle School to provide a safe, diverse, learning environment in which all students can achieve their academic potential and become responsible citizens of the 21st Century.

Core Values

We believe that:

- All students should be treated with respect and dignity.
 - All students can learn at high levels if given the appropriate learning environment.
 - When teachers make it a priority to build positive relationships with students, students achieve more success.
 - All students and staff need a positive, safe learning environment in which to learn.
 - Middle school provides academic and social opportunities for growth.
 - The success of our school depends on the support of our community, which consists of students, parents and staff.
 - A strong school is the cornerstone of a moral, social economic and democratic community.

Vision Statements

Our vision for Andrew G. Wright Middle School:

- A school which provides focused, dedicated, and appropriately staffed academic programs for enrichment and remediation.
 - A school which promotes life-long reading for pleasure.
 - A school which utilizes the writing process to develop and strengthen written language across the curriculum.
 - A school which challenges students and staff to utilize current trends in technology.
 - A school which offers equal opportunities to all of its citizens, by creating the conditions necessary for all students to learn the skill, knowledge and values that will empower them towards a successful future as individual and team players of their communities.
-
